Canadian & French citizenship

Based in Montreal - Eastern Standard Time (EST)

Work experience as a designer (10+ years)

Place à l'emploi, Digital Fabrication Technician

Montreal (May. 2023 - Current)

As a Digital Fabrication Assistant, providing comprehensive training to adults and youth on a range of digital fabrication tools commonly found in makerspaces, fablabs, and industry settings. These tools include 3D printers, CNC machines, laser cutters, vinyl cutting machines etc. My primary objective is to equip participants with technical skills through both short-term (half-day sessions) and long-term (15 weeks+) training programs in a safe environment. This training aims to prepare individuals to either pursue university degrees or secure employment in related fields. What sets this role apart is its integration within an employment center, addressing societal issues and supporting community members in their career development.

victorbruzeau.com, UX/UI Design consultant

Montreal (Dec. 2022 - May, 2023)

As a UX/UI consultant, collaborated with clients on various web design projects to provide strategic recommendations on UX/UI best practices. Worked closely with cross-functional teams to ensure successful implementation and client satisfaction.

Dreeven, Senior UX/UI Designer

Montreal (May. 2022 - Dec. 2022)

My role at Dreeven (SME in the construction sector) is the design of new features for the Dreeven web platform dedicated to general contractors. The goal is to offer the best possible digital experience to users.

GoCo (TELUS subsidiary), Senior UX/UI Designer

Montreal (Mar. 2020 - May, 2022)

Since the acquisition of Ubity and 4 other companies, my role at GoCo is to unify 5 self-serve platforms (VoIP and Networking services, Help desk) into one to offer a better digital experience to English and French end-users.

Ubity, Senior UX/UI Designer

Montreal (Aug. 2014 - Mar. 2020)

In charge of rebranding Ubity -a cloud-based IP telephony company- and redesigning the admin portal (850 customers, 20,000 users). Customers : BIXI, Element AI

Acquired by TELUS (one of the three largest telecom providers in Canada) in 2019.

Webtarget.fr, UX/UI Design consultant

Paris & Montreal (Jan. 2013 - Aug. 2014)

Founded the design consultancy Webtarget. Worked as a UX/UI consultant on various web design projects.

Malherbe Design, Graphic Designer

Paris (May 2012 - Dec. 2012)

Creation of visual identity for commercial & retail architecture projects.

Bresslergroup, Product Design Intern

Philadelphia, USA (Mar. 2011 - Apr. 2012)

12-month internship as a product designer assisting the design director. Participated in many stages of the product development process. Customers : GSK, BD (Medical Sector), Black & Decker. Collaboration on transversal projects with the UX/UI team.

BETC Digital (Havas group), Graphic Design Intern

Paris (May 2010 - Sept. 2010)

5-month internship as a graphic designer assisting the art director on the templates of several web projects: Landing page, mailing, banners. Customers: Evian, Peugeot.

Education

Master's Degree, Interaction Design (Graduated with honours)

L'École de Design Nantes Atlantique, China Studio (Sept. 2009 - June 2011)

2-year exchange program with Shanghai University

Bachelor's Degree, Product Design (Graduated with honours)

L'École de Design Nantes Atlantique, France (Sept. 2006 - Sept. 2009)

Included a 24-month apprenticeship program at Parker Pen
